Knowing ACRP's Mission ...

Improve the lifting equipment safety standards, consulting and inspection for all those in the lifting and rigging industries.

Represent the crane and rigging industry in regulatory forums.

Promote lifting equipment safety standards.

Knowing how you would benefit ...

ACRP provides up-to-date information through national meetings, newsletters, and inter-association communications briefs.

Current information helps support better decision making in training and on the job.

Knowing how Employers would benefit ...

Gaining new techniques in providing superior quality of crane and rigging training.

Obtaining timely knowledge of pending and/or effective changes to National, State or Provincial regulations.

Knowing how Individuals would benefit ...

Meeting experts in the technical industry areas which directly pertain to their daily lifting activities.

Valuable business relationships can be made with these experts for assistance during daily operations or information.

Membership Categories:

Professional – Provides crane rigging or lift equipment training, consulting, engineering inspection or related services for hire as the primary revenue source.

Corporate – Provides crane rigging or lift equipment training, consulting, engineering inspection or related. Services primarily not for hire, but for fellow employees of a single employer; as an in-house service.

Associate – An individual or entity that does not meet the criteria of Professional or Corporate membership; but has an interest in the crane, rigging and lift equipment industries and the work of the Association.

***It's never too late to “KNOW” more about the
rigging and lifting industry.***
